## ABOUT ME

---

Height:	6'1"
Weight:	180
Eyes:	Dark Brown
Hair:	Dark Brown

The son of two military parents, Marquis experienced life in many different states and countries as a child. Traveling during his formative years resulted in a broad worldview and a deeply rooted sense of empathy for individuals. Marquis' twelve years of classical ballet training, including time with the American Ballet Theatre, required discipline and diligence, which carried over into other areas of life. He studied with the Monks and Nuns of Zen Master Thich Naht Hanh of the Plum Village in Thenac, France. As a result of his dedication to the practice, he was invited to join the community of Monks and Nuns which he humbly declined.
