ABOUT ME

A driven and ambitious final year Psychology student with a passion for understanding human behavior and fostering positive workplace environments. Possessing a keen interest in the intersection of psychology and human resources, I am committed to utilizing my academic knowledge and interpersonal skills to contribute effectively in HR roles.

WORK EXPERIENCE

07/2021 – 01/2024 Hal Qormi, Malta

● **Playworker** Foundation for Educational Services (FES)

Over two summers, I served as a Playworker at Birkirkara Primary School and for one year at Hamrun GP Primary School, alongside three winter terms at Klabb 3-16 in Birkirkara. These roles honed my ability to think on my feet, fostering patience, hard work, and organization while engaging with children. Managing diverse activities and resolving challenges in real-time highlighted the importance of time-management and problem-solving skills in dynamic environments.

09/2017 – CURRENT Hamrun, Malta

● **Volunteer** GiFra Youth Group

I started volunteering in this youth group when I was just 14 years old. It started with taking part in Christmas Mass, and performing during the Easter Musical. As I integrated more with the group, I continued to participate in more activities.

I spent three summers volunteering in a SummerClub hosted by this youth group. I used to teach the children a dance that they would perform at the end of the summer, as well as organize fun games and activities for them. This taught me the importance of time-management and organization and this also got me to refine my leadership skills.

Since late 2019, I have taken on the role as secretary of the group since we are an official Voluntary Organization.

Since late 2020, I have also become an official leader in this group, conducting our weekly youth meetings myself with the help of other leaders.

This youth group has helped me grow so much as a person, and it taught me many valuable things such as teamwork, communication skills, leadership skills and empathy.
