Since 2004 I've been a member of GPDZ project 'Global Motion' for three consecutive years where I had the opportunity to know more for young people from Kosovo and balcan, we researched the project in question around many things example, awareness for the youth of Kosovo,the anti-discrimination topics, education, communication, consultation, gender equality,and reflection .Over time, youth centers 'zoom' 'located in the town of Pec in co-operation with

"Col in kosovo' 2006 allow us a training on Photography in Italy there we stayed for a week. Where for the first time I had the opportunity to be part of a photography exhibition.By the time I returned to prishtina from "PEN"NGO I've had the opportunity to visit Belgrade to participate in training against labeling people due to stereotypes and different topics related to civil society, woman rights etc.I hope to hear from you soon as working within you, will be a great oppourtunity for me.
