

# YASMINE MISCHO

## ABOUT ME

I began my acting journey at 12 in Luxembourg, joining both English and German drama clubs. Representing Luxembourg for two years in European theatre workshops, I later transitioned to feature films and series, taking on various extra roles.

Relocating to Berlin for filmmaking BA studies opened doors to numerous short films, often in leading roles. Last year, I played the male lead's secretary in "41 - A World Divided," a docu/drama series set in World War II.

I then spent six months in Los Angeles for further studies, and acted in eight short films. Now back in Europe, I've recently acted in 10 social media/TV ads for various brands. I'm eager to engage in more projects moving forward.
