Acting

Although I have only been acting since 2023, I have proved very popular with directors, having featured in more than 30 productions already. My first movie was Gladiator 2, where I was delighted to be cast as a (heavily featured) Senator and I was lucky enough to act in intimate scenes with Denzel Washington, Pedro Pascal and Paul Mescal among others. During the actors' strike - which halted production on the movie - I landed roles in several productions working very closely with, and learnt a lot from, extremely experienced actors such as Sam Claflin, Robin Askwith, Tony Robinson, Sally Lindsay, Sue Holderness, Nicholas Farrell and the directors Ridley Scott, Billie August and Dermot Boyd.

As soon as the strike ended I was called back to finish off my scenes on Gladiator 2 before then being chosen by the director to double for Pedro Pascal; which was a fantastic experience. Since Gladiator 2 I have worked with a plethora of A-list actors and have even gained some crew experience working closely with directors as a stand-in and on the AD team. I have now begun to secure speaking roles and was thrilled to be flown from Malta to Shepperton Studios, UK to feature in Enola Holmes 3.

I have been described by directors, crew and agents as versatile, incredibly helpful, fun to work with and genuinely funny.

About me:

Peter Winfield grew up in the Worcestershire countryside, the son of an electrician and a PE teacher. After studying cartography and working for many international publishers and The Economist newspaper he became a freelance animator, which allowed him the freedom to pursue his love of film as an actor, double and background artist. Since featuring in Gladiator 2 as both a Roman Senator and General Acasius (double for Pedro Pascal) he has not looked back - already featuring in 20 international movies and 15 TV series in less than three years. Peter is an experienced, committed, helpful, reliable, funny, (and modest) professional who should be considered a welcome addition to any set....

...honest.
