To Whom It May Concern:

I am pleased to recommend Olha Mukhina as a talented and dedicated young actress.

Olha Mukhina participated in the 7-day screen acting training at MS Acting Studio, where I had the opportunity to closely observe her artistic development, work in front of the camera, and her creative approach to character work. She demonstrates a strong ability to analyze scenes, create authentic emotional responses, and perform naturally in both dialogue and monologue scenes. During the training process, Olha stood out for her professionalism, preparation, and ability to quickly respond to directing notes. She shows strong focus on set, collaborates well with scene partners, and maintains a believable and consistent character throughout the scene.

In my opinion, Olha has strong potential for further work in film and audiovisual projects. I confidently recommend her for castings, creative projects, and further acting studies.

If you have any questions regarding Olha's training or experience, please do not hesitate to contact me.

Sincerely,

Miglė Sausaitė
