PROFILE

I started my career with small extra roles in commercials, non-speaking but performed roles in music videos by well-known artists (I have included the most relevant ones in my experience), and then obtained small roles in some films. I graduated in Tourism, I have an excellent knowledge of the English language and a good knowledge of Spanish. At the end of my studies, I started studying acting, initially in Rome, taking private lessons with a director, and then graduating from an Academy in Milan.
